Salvationists in Walla Walla.

The Salvation Army is often
treated with scorn and contempt,
says the Walla Walla Union, by
other religious denominations, but
in these trying times they are
proving themselves to be possessed
of more real Christianity than
many of their traducers. The sal-
vation army of Walla Walla has
established a free soup house in
that city, where those people who
are out of employment and with-
out means can procure a meal.
Those who call at the house are
given a good meal, and if they have
money they can pay five cents for
it, but if they are without funds
they are fed just the same. If
other denominations would follow
their example it would do much to
relieve the suffering, that is pre-
valent just now.

A Brilliant Solution.

A good joke is told on our worthy
friend M. A. Baker. He had oc-
casion recently to go to the moun-
tains with his family to remain
over night. A man who was stop-
ping at his house happened to be
gone at the time of Mr. Baker's
departure, and as he did not wish
to leave his house unlocked with
no one around, Mr. Baker was in
a quandary as to how he could lock
up the doors and still permit his
lodger entrance on his return. His
fertile brain was not long in de-
vising a scheme, however, to over-
come the difficulty, and this is the
way he did it: He carefully lock-
ed all the doors, then he wrote a
note telling his absent friend
where to find the key, wrapped the
key up in the note and deposited
them on the center table. He then
made his exit through a window,
which he carefully fastened, and
proceeded on his way rejoicing.—

Distressing.

The other evening a dusky
daughter of the forest got down
the tubline wheel at Byers' mill
for the purpose of catching eels.
Suddenly the set-screw caught her
calico dress and in a moment she
was deprived of every stitch of
clothing, being lucky to escape with
life. Mr. Byers who noticed some
trouble with the machinery, went
out to investigate, and discovered
the squaw in the garb—or lack of
garb—of Mother Eve. She then
disappeared, muttering dire im-
precations in choice Umatilla lan-
guage.—East Oregonian.

At it Again.

Wilse Coyle shot a man named
Johnson in a saloon in Walla
Walla Tuesday night. Johnson
and some companions were in the
saloon drinking, when Coyle came
in and said he would drink with
him. Johnson objected, when
Coyle drew a pistol and shot John-
son in the right leg, inflicting a
dangerous wound. Coyle was ar-
rested and is now in jail.

Card of Thanks.

We take this means of extend-
ing our sincere thanks to all our
friends and neighbors for the
many kindnesses shown us during
our late bereavement.

The Adams butcher is surely

The second nine and Adams
team crossed bats on the Athena
diamond Sunday afternoon. At
the final wind-up the score stood
35 to 7 in favor of Athena. In
the first inning Adams made five
scores, in the second 2, and after-
wards it was goose fruit for talk.

We hear a good deal of talk
about shrieved wheat in this

However there may be a lot of

from the hot weather.

The reporter was in Weston

that city. The "Judge" bears his

of the office.

Dave Taylor informs us that
the samples of wheat he has
seen so far are shrieved to some
extent but that the kernel is hard.
He says the majority of it is of
better quality than last year. As
to grade he says it will depend
on the number of pounds per bush-
el the buyers set on it. If they
set it at sixty pounds per bushel
most wheat will go in as No. 1.
Wheat weighs up well and very
sound.

The dust in and around Athena

The implement men report
that there has been sold in Athena
this season 48 headers. The sales
were as follows: C. H. Dodd &
Co. 3, The C. A. Barrett Co. 3,
Frank Bros. 7, Knapp, Burrell &
Co. 17, and Kelso Bros. 13. We
doubt if any other town in the
county can show as large sales.

D. D. Earp the well known piano
and organ man, had his wagon
riddled of its contents on Saturday
night last, at Weston. He had
arranged to take a trip to the
mountains Sunday and had stored
his wagon with provisions, etc., for
the journey. He discovered his
loss about 2 o'clock in the morning,
but the thieves had fled and no
trace of them could be found.

The Portland Telegram states that
the office of the U. S. attorney is
a magazine of bombshells. A little
one exploded the other day and hit
John Swart, the Gibson young
man taken below for selling pos-
tag stamps at Pendleton. It cost
Swart \$50 to repair his injuries,
this being the amount of the fine
imposed by Judge Bellinger. The
defendant pleaded guilty.

There bids fair to be a religious
controversy through the Press
between Elder Daisley of the
Christian church of this city, and
Elder Scoles, who is conducting
a series of Advent meetings in the
tabernacle, in the north part of the
city. Both gentlemen are able ex-
ponents of their respective religious
beliefs, and their articles will
doubtless be eagerly perused by
our many readers.

Sunday, during the game of ball
between Athena and Adams, Jack
Parker was called to the bat and
while endeavoring to knock the
"kiver" off, he struck the ball,
which glanced up and struck him
a terrific blow on the right side of
the face, causing the blood to flow
quite freely. He was compelled to
quit playing and the Athena club
played with eight men the rest of
the game.

T. Steuben, Sunday, received
from George Humphrey, of Port-
land, a letter stating that Cap-
tain Humphrey's condition was
really not much improved, says
the East Oregonian. While the
injured leg is almost healed, the
captain's mental condition is about
the same as when he left Pendle-
ton. Gov. Sylvester Pennoyer has
visited the Captain and given or-
ders that special attention be paid
him.

Amanda Welch, the little woman
who was on exhibition in Athena
last week died in Adams, last
Thursday night of hemorrhage.
A sad and pitiful fact came to
light when it was found that the
old couple who were exhibiting
her were her parents and that they
were driven by poverty to travel
with their child as a curiosity.
Not having the money to defray
funeral expenses, the county au-
thorities were notified.

ADAMS NOTES.

Aug 10th, 1893.

Mrs. Hays, of Weston, who just
returned from a trip to North Da-
kota, accompanied by Miss Taylor,
a teacher of the Athena public
school, passed a few days in this
city with her niece Mrs. Standfield.

The principal exhibit in the per-
son of a Lilliputian woman on exhi-
bition with a donation show which
struck town last week, died very
suddenly of hemorrhage, at the Ho-
tel Oregon and as we understand
was buried at the expense of the
county.

Mr. Butrick of the firm of But-
rick & Smith butchers while re-
turning from delivering meat in
the country was held up by a cou-
ple of tramps, at the muzzle of a
gun; they wanted meat, not money.
Mr. Butrick magnanimously do-
nated all the stock in his wagon
to feed the hungry, in this case ob-
serving that he trusted they would
use exceeding good care in the way
of handling their firearms in his
presence.

An incipient fire resulting from
a stove pipe through the roof, was
quickly put under control by our
citizens last week. Only their
prompt action saved the building
and perhaps many others from de-
struction. Would it not be in or-
der to prevent such carelessness by
an action of the council?

Already the monotony of wait-
ing and preparing for harvest has
been broken by the hum of the
header and thresher. Great ricks
of grain appear to meet the eye
on every hand as if by magic.
While the idle man with his bun-
dle of blankets is yet in the land,
he is not near so numerous. The
yield and quality of grain being
fair would be all that could be
asked by the farmer, only for the
democratic price it brings, while
the great four-horse loads of the
staple coming to the warehouses
and platforms make glad the
hearts of the buyer and railroad
men, altogether we are a busy and
happy community. Q. D.

Pennoyer Pardoning Again.

Governor Pennoyer Tuesday is-
sued four pardons to persons serv-
ing sentence for crime. The first
was Ed L. Oliver, who was senten-
ced from Linn county for larceny.
He had completed his term, but
pardon restored him to full citizen-
ship. Thomas Martin, Douglas
county, was sentenced to pay a
fine of \$200 and serve 100 days in
jail for selling liquor without a
license. Upon recommendation of
the trial judge he was pardoned
and the fine remitted. Joseph and
Henry Parr, brothers, were con-
victed of rioting in Umatilla coun-
ty in June, 1892, and the former
was sent to prison for four years
and the latter for six. Upon re-
commendation of the district at-
torney both were pardoned.

Plainly a Case of Hard Times.

Fairhaven Herald: Two young
men were taking a pedestrian tour
through the Nooksack country re-
cently, lost their way after mak-
ing the ascent of a mountain, and
were glad too seek quarters at a
lonely farmhouse. The woman in
charge got up an excellent supper,
killing a chicken for them, gave
them a clean, comfortable bed, and
had a savory breakfast for them
in the morning. When they asked
her how much they should pay
her, she replied in a deprecating
way that, as times were a little
hard, she would have to charge
them more than they would like
to pay, but 25 cents apiece would
be satisfactory. She was aston-
ished when they gave her a dollar
each, and probably thinks that
she entertained Vanderbilts un-
aware.

Pay Us, We'll Owe You.

Grant County News: Grant
county has due from the state
something over \$3000. The state
officers has given notice that the
respective sums due each county
would be paid as soon as their
"state tax was settled." What has
the state tax got to do with this,
anyhow? It is due the counties,
and would help out materially
such times as the present. Or do
the state officers need all the \$65-
000 to bolster up the failing banks
of the Willamette valley worse
than the "cow counties" need their
share of it?

Notice.

Complaints have been made to me by par-
ties receiving notice to pay up the Stanton &
Campbell accounts. In justice to myself, I
wish to say that it is not my desire to have
any one pressed for payment at present.
These accounts have unavoidably passed
from my control. R. C. STANTON.

Reply to Eld. J. B. Daisley.

By Eld. Scoles.

ED. PRESS: Inasmuch as I have
been arraigned by Eld. Daisley on a
charge of falsehood, I will with
your permission clear myself. I
read a statement from Alexander
Campbell in "Popular Lectures"
on the subject of the Sabbath. It
was rather damaging to a opposi-
tion, hence this squirming. I will
here give the quotation that I read:
"Heaven left not this fact the basis
of a thousand volumes to be gath-
ered from abstract reasonings, ini-
tiated traditions, ingenious analo-
gies, plausible conjectures but from a
monumental institution
which was as universal as the an-
nals of time, as the birth of na-
tions and as the languages spoken
by mortals. An institution too,
which notwithstanding its demand,
not only of the seventh part of all
time, but of the
